

Ellys Manor House

in Lincolnshire is one of Britain's most unique historic buildings.

EMH is leading a charge to promote the northern renaissances. It has gained support from KBC Bank NV, through the Rockox House in Antwerp.

EMH in 2011 will have on show for one year, one of Antwerp's most amazing tapestries – the mythological garden of love. The tapestry was woven in Brussels or Tournai, ca. 1500 – 1520. This magical and unique building, already boasts what is said to be the most complete, extensive and important domestic decoration in the country, dating from around 1500.

We plan to hold a number of demonstrations and seminars throughout the year. To those wishing to attend, it would be helpful for us to have some idea of interest in advance, which would help us in our organisations.

Ellys Manor House, Great Ponton, Near Grantham, Lincolnshire, NG33 5DP
